The saga of the lives of Clem and Susannah Brown and their family continues to unfold. The first book in The Fruit of the Spirit Series dealt with Clem's childhood and subsequent marriage to Susannah and all the trials and tragedies they experienced through the years. Their children are Thomas, Ruth and Jeff. This book deals with their daughter Ruth from ages four to eighteen. She misbehaves as a child and doesn't show respect and love to her family and feels they don't love her. The prayer life of her family is greatly increased due to her attitude. She wants out of Victory, Texas, and off the farm. She wants big city life and wants to teach school. Her grandparents spoil her by giving her anything she wants. She eventually goes off to college in Houston and graduates top of her class in 1910, but through it all she shows lack of respect and love to her family many, many times with her prideful and haughty attitude. She applies for teaching jobs in four states and wants a big city. The only offer she gets is from a small town in Georgia in a one-room school. Everyone advises her to take it as a first-year teacher. She finally consents, but God has a plan for Ruth. The plan unfolds in a most unusual way to get her attention. Discover what happens to and in Ruth.

Every Day I Love You More: (Just Not Today!) offers lessons in loving one person for life. It teaches couples to count their blessings, learn from their mistakes, and strengthen the bonds between them. It offers honest, reliable, witty advice, and addresses every couples' day-to-day struggles, as well as ideas that are as clever as they are fun. The tone of the essays will vary, much like the day-to-day mood in a marriage; some are poignant, some hilarious, some thoughtful, some spiritual, and some heart-warming, but all are drawn from real life. Each tale will focus on a different aspect of long-term

love, and offer prescriptive suggestions for the reader. Some stories will come from the author's own marriage; others, from a wide range of committed relationships. Each offers gems of wisdom on weathering the bittersweet idiosyncrasies of every marriage, ranging from remembering why you first fell in love with him to knowing when you need time apart to indulging his need for a Lay-Z-Boy recliner. As a result, every couple who've made it past the honeymoon stage will recognize themselves in these pages, and learn to love each other more every day -- even when "every day" starts tomorrow.

The first book to address the significance of the materials and methods used to make contemporary artworks Today, artists are able to create using multiple methods of production—from painting to digital technologies to crowdsourcing—some of which would have been unheard of just a few decades ago. Yet, even as our means of making art become more extraordinary and diverse, they are almost never addressed in their specificity. While critics and viewers tend to focus on the finished products we see in museums and galleries, authors Glenn Adamson and Julia Bryan-Wilson argue that the materials and processes behind the scenes used to make artworks are also vital to current considerations of authorship and to understanding the economic and social contexts from which art emerges. This wide-ranging exploration of different methods and media in art since the 1950s includes nine chapters that focus on individual processes of making: Painting, Woodworking, Building, Performing, Tooling Up, Cashing In, Fabricating, Digitizing, and Crowdsourcing. Detailed examples are interwoven with the discussion, including visuals that reveal the intricacies of techniques and materials. Artists featured include Ai Weiwei, Alice Aycock, Isa Genzken, Los Carpinteros, Paul Pfeiffer, Doris Salcedo, Santiago Sierra, and Rachel Whiteread.

Hey, you. Are you debating whether to destroy something with your bare hands or curl up on the couch for a decade or two? This book will solve all of your problems. (Sheesh, that's aiming a bit high.) This book is a cup of hot coffee, a ginormous bar of chocolate, or the magical fairy that comes over and does your dishes while you lie in the fetal position clutching a fluffy pillow. Sometimes when life falls apart the only acceptable response is hysterical laughter. When things get so far gone, so spectacularly a world away from any plans you made or dreams you dreamed, you feel it bubbling up inside of you and you scream, "It's not fair!" And it isn't. Fair is an illusion, and life is weird. This book will help you laugh at life's absurd backhands. This book is an empathetic groan of our collective unfairnesses. You might want to throw it across the room, and you might want to hug it like your new best friend. This book is about us sitting down together in our shared mess, taking a deep breath, gripping hands, looking the hard stuff in its beady little eyeballs, and bahahahaing at

Learning to Love moves beyond the media and policy stereotypes that conflate arranged marriages with forced marriages. Using in-depth interviews and participant observations, this book assembles a rich and diverse array of everyday marriage narratives and trajectories and highlights how considerations of romantic love are woven into traditional arranged marriage practices. It shows that far from being a homogeneous tradition, arranged marriages involve a variety of different matchmaking practices where each family tailors its own cut-and-paste version of British-Indian arranged marriages to suit modern identities and ambitions. Pande argues that instead of being wedded to traditions, people in the British-Indian diaspora have skillfully adapted and negotiated arranged marriage cultural norms to carve out an identity narrative that portrays them as "modern and progressive migrants"-ones who are changing with the times and cultivating transnational forms of belonging.
