[Wisconsin Traffic Crash Facts](#) Legislative Reference Bureau

"The goal of this research project was to develop a methodology to assist the Wisconsin Department of Transportation (WisDOT) in the evaluation of effectiveness of teen driver education programs over the short and long terms. The research effort was divided into two phases. Phase I focused on the development of an evaluative methodology that was based upon a review of the relevant literature and Wisconsin-specific policies and available data sources. This review culminated in a program assessment tool focused on four contributing areas of teen driver training and education: 1) Guardian Involvement; 2) Driver Education and Training Curricula Requirements; 3) GDL Coordination; and 4) Instructor Qualifications. The proposed methodology was presented to the Project Oversight Committee and was validated through two rounds of pilot testing using materials provided by programs and schools under the oversight of both WisDOT and the Wisconsin Department of Public Instruction. The resulting methodology informed the Phase II implementation plan recommendations. Work products included within this report are an annotated bibliography; a knowledge base documenting best practices and Wisconsin-specific data sources; a methodology that may be used to analyze and evaluate the effectiveness of driver-training programs as they relate to the demonstrated safety and behavior of teen drivers in Wisconsin; and a three-phase implementation

plan."--Technical report documentation page.

Establishing a Methodology to Evaluate Teen Driver-training Programs Corwin Press

Strengthen family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, this fourth edition of a bestseller provides tools and guidelines to use to develop more effective and equitable programs of family and community engagement. Written by a team of well-known experts, this foundational text demonstrates a proven approach to implement and sustain inclusive, goal-oriented programs. Readers will find: Many examples and vignettes Rubrics and checklists for implementation of plans CD-ROM complete with slides and notes for workshop presentations

Code of Massachusetts Regulations: Administration and finance

Prepared under biennial budget instructions.

Iowa Legislative News Service Bulletin

Special Education Law, Fifth Edition provides a comprehensive, and student-friendly overview of the major federal laws—and judicial interpretations of those laws—that apply to the education of children with special needs. Laura Rothstein and Scott F. Johnson thoroughly present the most up-to-date information on special education statutes, regulations, and judicial interpretations, including substantial changes in the interpretation of the legislation. The text helps students understand what the law requires so that they can develop policies and make decisions that comply with these laws.

Transportation Safety Programs in Wisconsin

Includes a special edition issue which is separately paged and unnumbered called: annual fact book (varies slightly).
