**Records & Briefs New York State Appellate Division** Christian Faith Publishing, Inc.  
 A juror in the trial of O.J. Simpson describes his experiences in court, being sequestered, and his dismissal  
*New York Supreme Court Appellate Division Fourth Department Volume 3297* Dramatic Publishing  
 For better or worse The People vs. O.J. Simpson served as a mirror of modern America. It was all there - wealth, fame, celebrity, sex, race, adultery, drugs, domestic abuse, and murder - acted out by a cast that cut across all segments of society in a drama that polarized the nation. And to witness it, all anyone had to do was turn on the television. As winter turned to spring and spring to summer, opinions formed and then hardened. Research polls reported deep divisions along racial lines and the opinion pages filled with commentary that tried to explain how so many could look at the same evidence and reach such starkly different conclusions. But what people saw in the trial of the century simply reflected their own backgrounds and beliefs. In the end, that was the most revealing verdict of all. Capturing the experiences of the jurors who decided this trial was not an easy feat. Throughout this book the insight and opinions of the primary narrators, Juror #230, foreperson Armanda Cooley; Juror # 98, Carrie Bess; and Juror #984, Marsha Rubin-Jackson, are expressed in their own words. Only they can, and do, reveal the view from the jury box." Phoenix Books is pleased to offer Madam Foreman in newly created ebook format which has been digitally enhanced to include a fully linked table of contents to ensure an enjoyable reading experience on all portable devices.

 When vice had a legal home and jazz was being born—the captivating story of an infamous true-life madam New Orleans, 1900. Mary Deubler makes a meager living as an “alley whore.” That all changes when bible-thumping Alderman Sidney Story forces the creation of a red-light district that’s mockingly dubbed “Storyville.” Mary believes there’s no place for a lowly girl like her in the high-class bordellos of Storyville’s Basin Street, where Champagne flows and beautiful girls turn tricks in luxurious bedrooms. But with gumption, twists of fate, even a touch of Voodoo, Mary rises above her hopeless lot to become the notorious Madame Josie Arlington. Filled with fascinating historical details and cameos by Jelly Roll Morton, Louis Armstrong, and E. J. Bellocq, Madam is a fantastic romp through The Big Easy and the irresistible story of a woman who rose to power long before the era of equal rights.

 Co-edited and introduced by Toni Morrison, winner of the Nobel Prize in Literature, Birth of a Nation'hood elucidates as never before the grim miasma of the O.J. Simpson case, which has elicited gargantuan fascination. As they pertain to the scandal, the issues of race, sex, violence, money, and the media are refracted through twelve powerful essays that have been written especially for this

book by distinguished intellectuals--black and white, male and female. Together these keen analyses of a defining American moment cast a chilling gaze on the script and spectacle of the insidious tensions that rend our society, even as they ponder the proper historical, cultural, political, legal, psychological, and linguistic ramifications of the affair. With contributions by: Toni Morrison, George Lipsitz, A. Leon Higginbotham, Jr., with Aderson Bellegarde Francois and Linda Y. Yueh, Nikol G. Alexander and Drucilla Cornell, Kimberlé Williams Crenshaw, Ishmael Reed, Leola Johnson and David Roediger, Andrew Ross, Patricia J. Williams, Ann duCille, Armond White, Claudia Brodsky Lacour

 In compelling narrative, the authors probe the sensational cases of Nathan F. Leopold, Jr., and Richard A. Loeb, the Scottsboro "boys," Bruno Richard Hauptmann, Alger Hiss, and O.J. Simpson, highlighting significant lessons about criminal behavior and the administration of criminal justice. Each case study details the crime, the police investigation, and the court proceedings, profiles the major players, and examines the outcome and aftermath of the trial. The authors untangle the perplexities surrounding the cases and illuminate the many mysteries that remain unsolved today. These celebrated trials reveal issues of overzealous prosecution, sloppy police work, judicial bias, race, class, and ethnic struggles, and the role of wealth in securing a competent defense. They also show how the temper of the times and frenzied media coverage heightened the intensity of drama in the cases.

 Our Bible teaches us that God doesn't give us more than we can handle. Be strong, have faith, carry on. But what if our daily challenges reach a breaking point? How do we handle our grief then, witnessing dreams shatter like exploding glass? Suffering heartache so profound one cannot take another step? We ask God why? Why is He giving us so many tests? And when we finally muster the courage to move forward again, how do we know which way to go? It is 2012, and recent UCLA graduate, Tiffany Ryan lands the prestigious job as assistant to Monique Mason, a world-famous novelist. Things go well between these two colleagues until Tiffany discovers that her manuscript about her late grandmother's plight during the 1930s Dust Bowl, a story titled Heartache and Hope, has been stolen right out from under her nose""by her boss. When more deceit is revealed, how does Tiffany turn her world right-side up again? Embedded within Tiffany's story are her grandmother's heartbreaking journal entries, of the deaths and destruction that intolerable dust caused for almost ten years. It is a love story of faith and hope for two Christians, Willie and Rose and their three children""how they prayed every day for God's miraculous intervention, for the drought to end, for Him to release his blessed rain; rain that would not only quench their thirst but save their souls. This is the manuscript Tiffany wrote. This was her heart. And a powerful person took it from her. Raised in Oklahoma, the author is now a mother of three and grandmother to six millennials, all residing in the West. While the Dirty Thirties story is fictional, it is based upon her family's roots stemming from the western, northeastern, and southern part of that state.

 The compulsively readable and sometimes jaw-dropping story of the life of a notorious madam who played hostess to every gangster, politician, writer, sports star and Cafe Society swell worth knowing, and who as much as any single figure helped make the twenties roar—from the Pulitzer

Prize-winning author of *The Most Famous Man in America*. "A fast-paced tale of ... Polly's many court battles, newspaper headlines, mobster dealings and society gossip.... A breathless tale told through extraordinary research." —The New York Times Book Review Simply put: Everybody came to Polly's. Pearl "Polly" Adler (1900-1962) was a diminutive dynamo whose Manhattan brothels in the Roaring Twenties became places not just for men to have the company of women but were key gathering places where the culturati and celebrity elite mingled with high society and with violent figures of the underworld—and had a good time doing it. As a Jewish immigrant from eastern Europe, Polly Adler's life is a classic American story of success and assimilation that starts like a novel by Henry Roth and then turns into a glittering real-life tale straight out of F. Scott Fitzgerald. She declared her ambition to be "the best goddam madam in all America" and succeeded wildly. Debby Applegate uses Polly's story as the key to unpacking just what made the 1920s the appallingly corrupt yet glamorous and transformational era that it was and how the collision between high and low is the unique ingredient that fuels American culture.

The suspenseful, emotionally resonant, and utterly compelling story of what brings an enigmatic French woman to a small Canadian town in the 1930s, a woman who has found depths of strength in dark times and comes to discover sanctuary at last. For readers of *The Imposter Bride*, *The Cellist of Sarajevo*, *Sarah's Key* by Tatiana de Rosnay, and *The Red Violin*. Helene Giroux arrives alone in St. Homais on a winter day. She wears good city clothes and drives an elegant car, and everything she owns is in a small trunk in the back seat. In the local church she finds a fine old piano, a Molnar, and she knows just how fine it is, for her family had manufactured these pianos before the Great War. Then her mother's death and war forces her to abandon her former life. The story moves back and forth in time as Helene, settling into a simple life, playing the piano for church choir, recalls the extraordinary events that brought her to this place. They include the early loss of her soldier husband and the reappearance of an old suitor who rescues her and her daughter, when she is most desperate; the journeys that very few women of her time could even imagine, into the forests of Indochina in search of ancient treasures and finally, and fatefully, to the Canadian north. When the town policeman confronts her, past and present suddenly converge and she must face an episode that she had thought had been left behind forever.

This work was originally published prior to the conclusion of the O.J. Simpson murder trial. At that time, California state law made it a crime for jurors and ex-jurors to be paid for writing about their service until 90 days after a trial had ended. That law was found to violate Michael Knox's First Amendment rights, clearing the way for his story to be made public before the trial had ended. Here, Knox reveals that while racial divisions existed on the panel, they were grossly exaggerated. He describes the oppressive, bizarre, and demeaning life of sequestration, where alcohol is prohibited and privacy is nonexistent...even during conjugal visits, jurors worried about having their conversation taped. Knox also explains why he was leaning towards a guilty verdict just prior to his dismissal as a juror.

'Wendy Joseph's gripping account of the law at work reads like a cliffhanger.' Sunday Times  
'Absolutely superb. 5 stars for sheer readability alone. Her Honour entertains as she educates us about murder, about the law and about how we human beings are shaped as we create the culture we live with.' PHILIPPA PERRY, author of *THE BOOK YOU WISH YOUR PARENTS HAD READ*

Every day in the UK lives are suddenly, brutally, wickedly taken away. Victims are shot or stabbed. Less often they are strangled or suffocated or beaten to death. Rarely they are poisoned, pushed off high buildings, drowned or set alight. Then there are the many who are killed by dangerous drivers, or corporate gross negligence. There are a lot of ways you can kill someone. I know because I've seen most of them at close quarters.' High-profile murder cases all too often grab our attention in dramatic media headlines - for every unlawful death tells a story. But, unlike most of us, a judge doesn't get to turn the page and move on. Nor does the defendant, or the family of the victim, nor the many other people who populate the court room. And yet, each of us has a vested interest in what happens there. And while most people have only the sketchiest idea of what happens inside a Crown Court, any one of us could end up in the witness-box or even in the dock. With breath-taking skill and deep compassion, the author describes how cases unfold and illustrates exactly what it's like to be a murder trial judge and a witness to human good and bad. Sometimes very bad. The fracture lines that run through our society are becoming harder and harder to ignore. From a unique vantage point, the author warns that we do so at our peril.

'The most exceptional book I have read in a long time.' CLARE MACKINTOSH 'A very rare gem. written with authority, humility and compassion. Compellingly clever and sharply honest.' PROFESSOR DAME SUE BLACK, author of *ALL THAT REMAINS* 'Riveting, thought-provoking, and very, very entertaining. I loved it.' RODDY DOYLE 'Will make you question all the fundamentals that you've come to take for granted about offenders, the crimes that they commit - especially murder - and the punishment they deserve. A page turner that will leave you wanting to know more.' EMERITUS PROFESSOR DAVID WILSON, author of *MY LIFE WITH MURDERERS*

Have you ever wondered where terms like 'end of your tether', 'gets my goat' or 'letting ones hair down' come from? Or why we call some people 'geezer', 'sugar daddies' or 'lounge lizards'? Or where the words 'eavesdropping', 'nickname' and 'D-Day' come from? They are just a few of the many words and phrases that language expert Max Cryer examines in this fact-filled and fun new book. Max explains where these curious expressions come from, what they mean and how they are used. Along the way he tells a host of colourful anecdotes and dispels quite a few myths - Did Churchill originate the phrase 'black dog'? And if 'ivory tower' can be found in the Bible, why has its meaning changed so drastically? Curious English Words and Phrases is a treasure trove for lovers of language. Informative, amusing and value for money, this book is 'the real McCoy'. From 'couch potato' to 'Bob's your uncle', you'll find the explanation here!
