Spirituality for the Godless

Read Books Ltd

The eagerly anticipating fifth book in the Seven Forges series... The long war with the Sa'ba Taalor has ended, but the land of Fellein does not know peace – only ceaseless change. A spate of murders draw the interest of Darsken Murdrow of the Inquisition, until the hunter becomes the hunted. Andover Lashk of the Iron Hands seeks a home in a world in which he no longer fits. An unholy necromancer steals souls, makes sacrifices, and sows fear. And in the barren wastelands of the Wellish Steppes, the army of the Godless gathers. Driven from their homeland, abandoned by their deities, the Godless now follow the banner of a new Master, and are thirsty for blood.

Jujitsu Rabbi and the Godless Blonde

Weidenfeld & Nicolson

The Godless Constitution is a ringing rebuke to the religious right's attempts, fueled by misguided and inaccurate interpretations of American history, to dismantle the wall between church and state erected by the country's founders. The authors,

both distinguished scholars, revisit the historical roots of American religious freedom, paying particular attention to such figures as John Locke, Roger Williams, and especially Thomas Jefferson, and examine the controversies, up to the present day, over the proper place of religion in our political life. With a new chapter that explores the role of religion in the public life of George W. Bush's America, *The Godless Constitution* offers a bracing return to the first principles of American governance. The Godless Delusion Wipf and Stock Publishers Willie Thompson, a young, black preacher who has begun to lose his faith returns home to find his adoptive, white father dying from cancer. He also re-discovers a lost and forbidden love there with Sarah Townsend, the white daughter of the richest man in town. Not only is the young preacher toting a Bible these days; he's also toting a shiny, steel Colt on his hip. What his adoptive family doesn't know, is that he's running from a violent past, where he has become a hunted outlaw...a wanted man. All Willie wants is to return to

a simpler and more peaceful life, but that seems to be far from reach as he struggles not to lose himself in the bloody chaos that unfolds when Frank Kincaid, the ruthless, one-eyed villain who killed his birth parents, breaks out of prison and returns with a new gang of murderous, thieving bandits to wreak havoc in the small town, in search of revenge.

A collection of literary short fiction by Dominick R. Domingo

Winterbirth Cambridge University Press

This book postulates that the rise of right-wing populism in the West and its references to religion are less driven by a resurgence of religious fervour, than by the emergence of a new secular identity politics. Based on exclusive interviews with 116 populist leaders, key policy makers and faith leaders in the USA, Germany, and France, it shows how right-wing populists use Christianity as a cultural identity marker of the 'pure people' against external 'others' while often remaining disconnected from Christian values,

beliefs, and institutions. However, right-wing populists' willingness and ability to employ religion in this way critically depends on the actions of mainstream party politicians and faith leaders. They can either legitimise right-wing populists' identitarian use of religion or challenge it, thereby cultivating 'religious immunity' against populist appeals. As the populist wave breaks across the West, a new debate about the role of religion in society has begun.

A Guide for the Godless

Peter Lang

When she was just eight-years-old, a little girl with the odd name of Queen Silver stunned citizens and scholars alike in pre-1920s Los Angeles by hosting six remarkable public lectures on Darwin and Einstein, sponsored by the London Society of Science. A child prodigy and the daughter of famed socialist activist Grace Vern Silver, founder of the Industrial Workers of the World (IWW), Queen Silver was the subject of Cecil B. De Mille's film *The Godless Girl*. She matured to become an international feminist, atheist, and socialist, living a remarkable and inspiring

life, of which few feminists today are aware. *Queen Silver: The Godless Girl* is a fiery and profound biography of one of America's most amazing feminist thinkers, a woman who remained an active advocate of intellectual independence to the moment of her death in 1998 at the age of 86. Prolific feminist writer Wendy McElroy sympathetically chronicles the life of Queen Silver from personal interviews with her friends, published reports, letters, and a vast library of the family's personal papers. What emerges is a life like none other. A well-known thinker by the time she was 11-years-old, giving speeches titled "Pioneers of Freethought," "The Rights of Children," and "Science and the Workers," Queen challenged three-time presidential candidate William Jennings Bryan to a debate on evolution (he declined); organized an atheist group at her high school; and left home at 15 to marry a doctor three-times her age, which later became the source of a highly publicized divorce. As a teenager, Queen once served as a defense lawyer for her mother and won. She founded the

scholarly and well-reviewed *Queen Silver Magazine*, and overcame personal tragedy and political persecution during World War I's red scare. Queen worked as an extra in movies directed by D.W. Griffith, attended violent and controversial meetings of the IWW, and went into hiding at the advent of McCarthyism. In her later years, Queen received many freethought awards, remained active in the American Civil Liberties Union, and campaigned hard for public libraries. McElroy tells a complete story by profiling Queen's mother, lecturer and feminist writer Grace Vern Silver, whose struggles for justice in the IWW found her running for Congress, and whose personal education motivated her to inspire the genius in her daughter.

Judith of the Godless

Valley Picador

Fifteen thousand years after the War of the Gods and their corpses now lie scattered across the world, slowly dying as men and women awake with strange powers that are derived from their bodies. While some see these powers as a gift - most call them a curse. When Ayae, a young cartographer's apprentice

in the city of Mireea, is trapped in a burning building she is terrified as this dormant power comes to life within her. The flames destroy everything around her but she remains unscathed - fire cannot touch her. This curse makes her a target for the army marching on her home - an army determined to reclaim the corpse of the God Ger, who lies dying beneath the city, and harness his power for themselves. Zaifyr, a man adorned in the ancient charms, also arrives in Mireea. His arrival draws the attention of two of the 'children of the gods', Fo and Bau, powerful, centuries old beings who consider themselves immortal. All three will offer different visions for Aya's powers - and whatever choice she makes will result in new enemies. Meanwhile, as the army approaches ever closer to Mireea, the saboteur Bueralan and Dark, his mercenary group, look to infiltrate and learn their weaknesses. Alone in a humid, dangerous land, they find themselves witness to rites so appalling they realise it would take the Gods themselves to halt the enemy's attack - and even they may not be enough.

A non-theistic contribution to the dialogue between religion and secular humanism through the medium of Buddhist spiritual practice.

Unto the Godless What Little Remains Watkins

Media Limited
1979-Terror reigns in Nicaragua. The Sandinistas have seized power. Julian Mendero, leader of the Christian opposition, is arrested for stealing a national treasure-the Valdivieso Cross. But not before his son, Pedro, flees to the Sanctuary underground and begins an arduous journey to the US border. Months later, FBI Agent Steve Rodriguez enters the murky world of the border killings, a series of inexplicable murders. When evidence points to a foreign death squad he enlists the help of Carol Shannon, a Sanctuary activist searching for Pedro. But Carol is reluctant to help. Trauma of a recent sexual assault has left her fearful and suffering nightmares. Yet Steve's compassion-and Carol's commitment to end the killing and find Pedro-gradually builds trust, while mutual attraction soon gives way to passionate desire.

Mysteries unfold when Steve consults notorious ex-patriot Hector Rone. He learns Rone's lover, Claudia Haas-antiquities expert, thief, and femme du monde-has joined two militant priests in their search for Pedro and the Valdivieso Cross. Tensions rise when Steve learns the death squad leader may be the father of Carol's unborn child. Time is short. Steve must find a way to stop the death squad, find Pedro and the precious Valdivieso Cross, and save the woman he loves from making a terrible mistake.

Centuries ago, when Earth was not under the control of God, it was controlled by a cruel and heartless creature, called Neuron. Coming to our planet, God saw, how Neuron treated as his subordinates. God and Satan decided to take to hands the authority on Earth. It was very difficult mission. God and Satan adapted all the people and their feelings. In XXI century a young man from a wealthy family found new potentials, that ancestors of humanity and Neuron had. It becomes to him what had happened centuries ago

and behind it hunting of angels has begun.

'Outstanding... Doherty keeps the action brisk, the crimes baffling, and the deductions and solution fair' - Publishers Weekly
Starred Review Past crimes lead to new murder in the latest gripping Brother Athelstan mystery, set in 14th century London. November, 1381. London has been rocked by a series of bizarre and brutal murders. The corpses of a number of prostitutes have been discovered, their throats slit, their bodies stripped; in each case, a blood-red wig has been placed on their heads. At the same time, a mysterious explosion rips through a royal war cog bound for Calais, killing all on board. Could there be a connection? Summoned to assist in the investigations by Sir John Cranston, Brother Athelstan uncovers rumours that the mysterious Oriflamme is responsible. But who - or what - exactly is he ... and why has he suddenly reappeared after almost twenty years?

"For a generation of

women who grew up watching Sex and the City, Manhattan is the Promised Land—or as Rebecca Dana puts it in her hilarious, self-deprecating new memoir, it's 'my Jerusalem—the shining city off in the distance, the only place to go'...[An] insightful tale of two fish out of water."—O Magazine
Rebecca Dana worshipped at the altar of Truman Capote and Nora Ephron, dreaming of moving to New York. After college, life in the city turned out just as she'd planned: glamorous parties; beautiful people; the perfect job, apartment and man. But when it all comes crashing down, she is catapulted into another world. She moves into Brooklyn's Lubavitch community, and lives with Cosmo, a young Russian rabbi and jujitsu enthusiast. While Cosmo faces his disenchantment with Orthodoxy, Rebecca finds that her religion—the books and films that made New York seem like salvation—has also failed her. Shuttling between the worlds of religious extremism and secular excess, faith and fashion, Rebecca goes on a search for meaning. A mix of Shalom Auslander and The Odd Couple, Jujitsu Rabbi and the

Godless Blonde is a thought-provoking tale for the twenty-first century. Includes a Readers Guide
The Godless Men Tor UK
In this hard-hitting new book, apologetics experts Patrick Madrid and Kenneth Hensley help Christians to wake up to the crisis of godlessness, alerting them to the imperative need to take seriously atheism's challenge, while learning how to effectively engage in today's atheistic debate. Unlike other books which respond to atheist challenges to prove the existence of God, *The Godless Delusion* takes a different approach by turning the harsh light of reason on atheism and subjecting it to a rigorous logical, philosophical critique. Madrid and Hensley systematically critique the central claims of atheism, especially its foundational premise of naturalism (i.e., that only material things exist) and its related claim that immaterial things, such as God, angels, and human souls, cannot exist. This book was written for a general audience to enable the average Catholic with no formal training in philosophy to use philosophical tools to demonstrate that atheism

cannot stand up to logical scrutiny.

The Godless Cambridge University Press

The internet is a lonesome god. Liverloin is a fractured man, a collection of personas—artificial constructs of wants, fears and needs—created by underground science-artists to help him hide in a hyper-connected world. But he can't hide from Big Momma. She is the living internet, a benevolent AI who knows everything and everyone... and somehow is in love with Liverloin. Agent Stevly works for DAIS, an AI on the other side of the internet: the darkness to Big Momma's light. DAIS's agents manipulate news, information and media and pull the strings behind world events, but DAIS cannot control Big Momma or understand why she loves Liverloin. Agent Stevly, bound body and soul to DAIS, will stop at nothing to find the answer.

The Cross and the Godless Our Sunday Visitor

In a recent work Richard Dawkins posed an immense challenge to theology by arguing on scientific grounds that the existence of God is so improbable that it can be

safely dismissed as a delusion. This work responds to the challenge by examining the arguments put forward by Dawkins and subjecting them to critique in the light of Christian faith. The critique probes some of the assumptions underlying scientific endeavours about the nature of reality and it brings to the surface the question of how meaning, truth and freedom are properly to be understood. The work goes on to present a theological understanding of these realities in the light of Christian beliefs in God, in Jesus Christ, in creation and in redemption. Far from denying the importance of scientific endeavours and discoveries, this approach seeks to provide a framework in which they can be meaningfully situated, for the betterment of humanity as a whole.

Leslie Stephen

Prometheus Books

Many people describe themselves as secular rather than religious, but they often qualify this statement by claiming an interest in spirituality. But what kind of spirituality is possible in the absence of religion? In this book, Michael McGhee shows

how religious traditions and secular humanism function as 'schools of wisdom' whose aim is to expose and overcome the forces that obstruct justice. He examines the ancient conception of philosophy as a form of ethical self-inquiry and spiritual practice conducted by a community, showing how it helps us to reconceive the philosophy of religion in terms of philosophy as a way of life. McGhee discusses the idea of a dialogue between religion and atheism in terms of Buddhist practice and demonstrates how a non-theistic Buddhism can address itself to theistic traditions as well as to secular humanism. His book also explores how to shift the centre of gravity from religious belief towards states of mind and conduct.

Where the Godless Folk Live Macmillan

Perhaps you've thought that the traditional ways of understanding God are lacking in resonance and relevance—that there must be more to the concept of divinity than the anthropomorphic, gender-exclusionary, ethically and logically problematic God of Christianity, Judaism, and Islam. If so, this beautiful

book may be the path to enlightenment that you've been seeking.

Uthimaniyya, or Trans-Sufism, embraces the idea that there is an ultimate spiritual experience, called The Consciousness of the Eternal Now, or Sitting on the Throne of God. This experience is not dependent on any past religion—instead, it is realized through observing a mathematically mystical version of the Seventh Day (the Throne Sabbath) that is more compatible with a belief in God as everything, and everything as God. Since a God that is everything cannot have a personhood, it is referred to as the impersonal God, or the Godless God. The Throne Sabbath is based on a radical reinterpretation of the biblical and qur'anic myth of the creation of the world in six days, and a seventh day when the Creator rested (Bible) or retreated to His throne (Qur'an). Inspiring and transcendent, *How to Sit on the Throne of the Godless God* is the guide you need to access a new viewpoint.

The Godless: The Children Trilogy 1
Macmillan

"Why mess around with Catholicism when you can have your own customized religion?" Fed up with his parents' boring old religion, agnostic-going-on-atheist Jason Bock invents a new god -- the town's water tower. He recruits an unlikely group of worshippers: his snail-farming best friend, Shin, cute-as-a-button (whatever that means) Magda Price, and the violent and unpredictable Henry Stagg. As their religion grows, it takes on a life of its own. While Jason struggles to keep the faith pure, Shin obsesses over writing their bible, and the explosive Henry schemes to make the new faith even more exciting -- and dangerous. When the Chutengodians hold their first ceremony high atop the dome of the water tower, things quickly go from merely dangerous to terrifying and deadly. Jason soon realizes that inventing a religion is a lot easier than controlling it, but control it he must, before his creation destroys both his friends and himself.

The Godless Crown Forum DigiCat Publishing presents to you this special edition of "Judith

of the Godless Valley" by Honoré Morrow. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. *How to Sit on the Throne of the Godless God of the Seventh Day* Cambridge University Press
An uneasy truce exists between the thanes of the True Bloods. Now, as another winter approaches, the armies of the Black Road march south, from their exile beyond the Vale of Stones. For some, war will bring a swift and violent death. Others will not hear the clash of swords or see the corpses strewn over the fields. Instead, they will see an opportunity to advance their own ambitions. But soon, all will fall under the shadow that is descending. For while the storm of battle rages, one man is following a path that will awaken a terrible power in him -- and his legacy will be written in blood.
