How Firm a Foundation W. W. Norton & Company

This handbook is designed as a step-by-step approach for analyzing and communicating eight letters of the New Testament: Hebrews, James, the Petrine Letters, the Johannine Letters, and Jude. Interpreting the General Letters provides important background material for the interpretation of these books by exploring the types and component parts of letter writing, the importance of an amanuensis; the historical background of the Greco-Roman world, and implications of each of these factors for interpreting the general letters. This foundation is followed by a discussion of the theology of the general letters. Specific consideration is given to the era of promise in Hebrew Scriptures, the era of fulfillment as underscored in the general letters, and how the theology of each letter contributes to the overall canon of Scripture. Finally, Bateman provides nine steps that move from interpretation to communication: three steps for preparing to interpret the letters, three for interpreting, and finally three for communicating the letters. All explanations include examples in order to develop a student's or pastor's skills for accurate interpretation and convicting communication of God's Word See page 21 for full series details.

The newest volume in the Pillar New Testament Commentary series interprets 1 and 2 Thessalonians in light of new knowledge about the first-century world of Thessalonica. This fruitful

approach better illuminates the impact of the gospel on its original readers and, in turn, shows how potent a force it can be for the church and society today. Gene L. Green first provides an in-depth study of the Thessalonians themselves -- their history, land, socioeconomic conditions, and religious environment. This fascinating discussion leads into informed verse-by-verse commentary that extracts the fullest possible meaning from these important New Testament texts. By carefully bridging the biblical and modern worlds, Green clarifies just what these pastorally astute letters say about many areas in which Christians often seek guidance -- perseverance amid suffering and trials, attitudes toward daily work, questions concerning Christ's second coming, and more.

Letters to Lalage Ballantine Books

Most of us go through life with a vision of what the ideal relationship is supposed to be, yet too often our longing for a soul

mate leads to disappointment and heartbreak. What we see, desire, or harshly judge in our mate is but a reflection of self, Vanzant explains, as in *IN THE MEANTIME* she helps us to break free of our fantasies and view a relationship as an ongoing process of discovery and growth. Whether she is offering practical advice on how to avoid making the same relationship mistakes over and over again, or helping us to view the painful end of a relationship as an opportunity to learn and change, Iyanla Vanzant, as author Patrice Gains has said, 'reminds us that every moment is an opportunity to learn and inspires and encourages us to continue our inward daily search'.

Pulitzer Prize-winning biologist Edward O. Wilson imparts the wisdom of his storied career to the next generation. Edward O.

Wilson has distilled sixty years of teaching into a book for students, young and old. Reflecting on his coming-of-age in the South as a Boy Scout and a lover of ants and butterflies, Wilson threads these twenty-one letters, each richly illustrated, with autobiographical anecdotes that illuminate his career—both his successes and his failures—and his motivations for becoming a biologist. At a time in human history when our survival is more than ever linked to our understanding of science, Wilson insists that success in the sciences does not depend on mathematical skill, but rather a passion for finding a problem and solving it. From the collapse of stars to the exploration of rain forests and the oceans' depths, Wilson instills a love of the innate creativity of science and a respect for the human being's modest place in the planet's ecosystem in his readers.

"A compelling, important addition to Hill Harper's bestselling series, inspired by the numerous young inmates who write to him

seeking guidance After the publication of the bestselling *Letters to a Young Brother*, accomplished actor and speaker Hill Harper began to receive an increasing number of moving letters from inmates who yearned for a connection with a successful role model. With disturbing statistics on African-American incarceration on his mind (one in six black men were incarcerated as of 2001, and one in three can now expect to go to prison some time in their lifetimes), Harper set out to address the specific needs of inmates. A powerful message from the heart, *Letters to an Incarcerated Brother* provides advice and inspiration in the face of despair along with encouraging words for restoring a sense of self-worth. As the founder of Manifest Your Destiny, a nonprofit outreach program for at-risk teens, Harper has seen firsthand the transformative effect of mentorship and the power of a positive role model. This latest addition to Hill Harper's *Letters* series delivers visionary, compassionate responses to the real-life circumstances of inmates. As with the other *Letters* books, Harper includes moving contributions from top educators, activists, thought leaders, and entertainers. Uplifting and insightful, *Letters to an Incarcerated Brother* provides the hope and inspiration inmates and their families need"--

Teaching English in Africa is a practical guide written for primary and secondary school teachers working all over the continent. This book relates the practice of English language teaching directly to the African context. As well as covering the underlying theory of how children learn languages and how teachers can best facilitate this learning, it also provides practical resources

and ideas for activities and techniques that have proved successful in English classrooms in Africa, both at primary and secondary level. It is intended to be a practical guide, so references and citations are kept to a minimum and concepts are presented using examples that are likely to be familiar to most teachers working in Africa. If there is a bias in this book, it is towards the needs of teachers working in low-resource, isolated contexts in Africa, as these teachers are so often neglected by literature on teaching methodology.

Letters to Boot Camp provides the reader with a heart wrenching and awe inspiring look into the lives of a mother and her son as he made his way through Boot Camp on Parris Island. - "Once they're shipped out to Boot Camp, the only things that those of us left at home can really do for them is to write and pray. And if you're lucky, smuggle in the occasional treat. (I did.) It wasn't easy, but I wrote him every day, and he wrote me as often as he could. Inside these pages you'll find our personal story, our personal letters, and a good deal of information you may find useful. I like to think of Parris Island as a place of miraculous change and growth. Yeah, change isn't easy, and growing often hurts, but the end result is worth every bit of it." - - "On November 7, 2011, in a hotel lobby, I smiled and gave my son one last big hug. I told him I loved him and how proud I was of him. The last thing I said was, "You go kick some ass Baby, and I'll be there waiting when you're done." He had to go, so with that I turned around and walked out. Yes, I did look back, and yes, he did grin and wave. From there he would go to MEPS one last time and then get on a bus with all his new best buddies to Parris Island where they would be made into Marines." -
