Bloomsbury

This book  
considers the  
history of Do It  
Yourself art,  
music and  
publishing,  
demonstrating  
how DIY  
strategies

have  
transitioned  
from being  
marginal, to  
emergent, to  
embedded.  
Through  
secondary  
research,  
observation  
and 30  
original  
interviews,  
each chapter  
analyses one  
of 15 creative  
cities (San  
Francisco, Los

Angeles,  
Dusseldorf,  
New York,  
London,  
Manchester,  
Cologne,  
Washington  
DC, Detroit,  
Berlin,  
Glasgow,  
Olympia  
(Washington),  
Portland  
(Oregon),  
Moscow and  
Istanbul) and  
assesses the  
contemporary

situation in each in the post-subcultural era of digital and internet technologies. The book challenges existing subcultural histories by examining less well-known scenes as well as exploring DIY "best practices" to trace a template of best approaches for sustainable, independent, locally owned creative enterprises. Following the success of the 2000 Olympics and the 2003 Rugby World Cup, the harbourside jewel of Sydney is more alluring than ever. Multicultural, laid-back and hedonistic, it's got the lot: a stunning natural setting, a perfect climate, and a staggering array of attractions from the world-famous Opera House to the southern hemisphere's most vibrant gay and

lesbian scene. Written and researched by local journalists, writers and experts, the Time Out Sydney Guide takes you to the heart of Australia's most exciting city. It also heads beyond the urban sprawl, to the coasts, rivers and mountains of New South Wales, plus the best of the rest of Australia. **The Encyclopedia of Popular Music** University of California Press

**Moon Over Soho** Pan Macmillan BODY AND SOUL The song. That's what London constable and sorcerer's apprentice Peter Grant first notices when he examines the corpse of Cyrus Wilkins, part-time jazz drummer and full-time accountant, who dropped dead of a heart attack while playing a gig at Soho's 606 Club. The notes of the old jazz standard are rising from the body—a sure

sign that something about the man's death was not at all natural but instead supernatural. Body and soul—they're also what Peter will risk as he investigates a pattern of similar deaths in and around Soho. With the help of his superior officer, Detective Chief Inspector Thomas Nightingale, the last registered wizard in England, and the assistance of beautiful

jazz aficionado Simone Fitzwilliam, Peter will uncover a deadly magical menace—one that leads right to his own doorstep and to the squandered promise of a young jazz musician: a talented trumpet player named Richard "Lord" Grant—otherwise known as Peter's dear old dad.

Elephant Coronet Listening to popular music and watching television have become the two most common activities for postwar generations in Britain. From the

experiences of programmes like Oh Boy! and Juke Box Jury, to the introduction of 24 hour music video channels, the number and variety of television outputs that consistently make use of popular music, and the importance of the small screen as a principal point of contact between audiences and performers are familiar components of contemporary media operation. Yet there have

been few attempts to examine the two activities in tandem, to chart their parallel evolution, to explore the associations that unite them, or to consider the increasingly frequent ways in which the production and consumption of TV and music are linked in theory and in practice. This volume provides an invaluable critical analysis of these, and other, topics in newly-

written contributions from some of Britain's leading scholars in the disciplines of television and/or popular music studies. Through a concentration on four main areas in which TV organises and presents popular music - history and heritage; performers and performances; comedy and drama; audiences and territories - the book investigates a diverse range of musical genres and styles, factual

and fictional programming, historical and geographical demographics, and the constraints of commerce and technology to provide the first systematic account of the place of popular music on British television. Party London & Paris Bloomsbury Publishing Popular music was a powerful and persistent influence in the daily life of millions in interwar Britain, yet these crucial years in the development of the popular music industry have rarely been the subject of detailed investigation.

For the first time, here is a comprehensive survey of the British popular music industry and its audience. The book examines the changes to popular music and the industry and their impact on British society and culture from 1918 to 1939. It looks at the businesses involved in the supply of popular music, how the industry organised itself, and who controlled it. It attempts to establish the size of the

audience for popular music and to determine who this audience was. Finally, it considers popular music itself - how the music changed, which music was the most popular, and how certain genres were made available to the public. **Gay Times** Hal Leonard Corporation Fast paced and full of grit, this is the first crime novel from the UK's most charismatic sporting genius. **Cultures of Consumption**  
Omnibus

Press  
London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War: its old buildings and dark streets infamous for sex, crime, political disloyalty, and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters. Indulgences for the privileged and

the upwardly mobile edged a dangerous, transgressive space imagined to be "outside" the nation. Treating Soho as exceptional, but also representative of London's urban transformation, Judith Walkowitz shows how the area's foreignness and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century. She

draws on a vast and unusual range of sources to stitch together a rich

patchwork quilt of vivid stories and unforgettable characters,

revealing how Soho became a showcase for a new cosmopolitan identity.
