English Magic moves
through fields and
parklands, estates and
empty beaches. It
lands at Heathrow
Airport, takes a taxi to
the suburbs, finds

emptiness and oppression. It strikes out for the countryside on May Day, to where maypoles whirl and haybales blaze, and where blessings sound like threats. It's in a flat, drags itself out of half sleep... and there's something tapping behind the gas fire... In her debut collection of short stories, Uschi Gatward takes us on a tour of an England simultaneously domestic and wild, familiar and strange, real and imagined. Coupling the past and the present, merging the surreal and the mundane, *English Magic* is a collection full of humour and warmth, subversion and intoxication. It announces the arrival of a shining new talent. *Students' Edition of a Standard Dictionary of*

The Glamour of Grammar Springer

An intriguing exploration of the role and significance of the body in the world of a Pacific Islands People, the Lelet of New Ireland (Papua New Guinea). In vivid ethnographic detail, the monograph captures the fluidity and complexity of Lelet conceptions of corporeality and their significance to identity as they encounter the influences of modernity, in the form of colonialism,

Christianity and cash-cropping. The author examines the importance of the body to constructions of identity and difference, and its role in the constitution of place and space. The book provides a richly detailed ethnographic study of magical belief and the body whilst paying particular attention to the polyvalent meanings of bodily images and metaphors as they are used in numerous contexts of magic.

A study of English semantics during the Enlightenment. New words 1650–1800 reflect the new middle-class culture of sociability, commerce, and science. Old mostly obsolete words illuminate the realities of working-class life, exhausting labor, dirt,

outrageous sexism, magic, horses, bizarre food.

City-dweller Richard Lewis has been having a problem with roots. His, he means. It would have been so much more romantic if he had been born in Dublin or Marseille. But what if you're simply from Croydon? What hope for romance then? Starting with the conviction that England must have a folklore as compelling, as exotic and as beautiful as that of other places, Lewis embarks on a search for traditional roots that takes him well off the beaten track, from the humble folk clubs of the fenlands, across the Yorkshire moors via the Morris-dancing Cotswolds to a magic

circle of druids deep beneath the Forest of Dean. The Magic Spring seeks to not only dispel some myths about English traditions, but to tell the story of their creation, to examine why they persist and how they connect to the modern land. Lewis follows the changing seasons, digs into his own past and discovers not only a deep affinity with his country, but also, in a climax on the Isle of Avalon, that roots are less about where you're from than he thought.

“Terry Brooks is adamant about dedicating oneself to the craft, while showing awe and humility for the creative process. . . . Every serious writer should refer to this book regularly for inspiration as well as solid crafting advice.”—Elizabeth Engstrom Cratty, Director of Maui Writers Retreat In *Sometimes the Magic*

Works, New York Times bestselling author Terry Brooks shares his secrets for creating unusual, memorable fiction. Spanning topics from the importance of daydreaming to the necessity of writing an outline, from the fine art of showing instead of merely telling to creating believable characters who make readers care what happens to them, Brooks draws upon his own experiences, hard lessons learned, and delightful discoveries made in creating the beloved Shannara and Magic Kingdom of Landover series, *The Word and The Void* trilogy, and the bestselling Star Wars novel *The Phantom Menace*. In addition to being a writing guide, *Sometimes the Magic Works* is Terry Brooks’s

self-portrait of the artist. “If you don’t think there is magic in writing, you probably won’t write anything magical,” says Brooks. This book offers a rare opportunity to peer into the mind of (and learn a trick or two from) one of fantasy fiction’s preeminent magicians. Praise for *Sometimes the Magic Works* “A marvelously pragmatic initiation to the art of writing.”—Dorothy Allison, author of *Bastard Out of Carolina* “[A] succinct and warmhearted autobiographical meditation on the writing life.”—Publishers Weekly “A wise, warmhearted book—part autobiography, part how-to-do-it manual, with some amazingly candid behind-the-

scenes material . . . Fantasy fans, novice writers, and even veteran pros will learn plenty from it.”—Robert Silverberg, award-winning author of the *Majipoor Chronicles* *The Book of English Magic* Troubador Publishing Ltd A New York Times Notable Book One of the Best Books of the Year: The Washington Post, San Francisco Chronicle, The Daily Beast, The Miami Herald, St. Louis Post-Dispatch Adding to a fiction chronicle that has already spanned American history from the Lincoln assassination to the Watergate scandal, Thomas Mallon now brings to life the tumultuous administration of the most consequential

and enigmatic president in modern times. *Finale* captures the crusading ideologies, blunders, and glamour of the still-hotly-debated Reagan years, taking readers to the political gridiron of Washington, the wealthiest enclaves of Southern California, and the volcanic landscape of Iceland, where the president engages in two almost apocalyptic days of negotiation with Mikhail Gorbachev. Along with Soviet dissidents, illegal-arms traders, and antinuclear activists, the novel's memorable characters include Margaret Thatcher, Jimmy Carter, Pamela Harriman, John W. Hinckley, Jr. (Reagan's would-be assassin), and even Bette Davis, with whom the

president had long ago appeared onscreen. Several figures—including a humbled, crafty Richard Nixon; the young, brilliantly acerbic Christopher Hitchens; and an anxious, astrology-dependent Nancy Reagan (on the verge of a terrible realization)—become the eyes through which readers see the last convulsions of the Cold War, the beginning of the AIDS epidemic, and a political revolution. At the center of it all—but forever out of reach—is Ronald Reagan himself, whose genial remoteness confounds his subordinates, his children, and the citizens who elected him. *Finale* is the book that Thomas Mallon's work has been building

toward for years. It is the most entertaining and panoramic novel about American politics since *Advise and Consent*, more than a half century ago.

Winter Magic Springer Through experiments to try and places to visit, as well as a historical exploration of magic and interviews with leading magicians, *The Book of English Magic* will introduce you to the extraordinary world that lies beneath the surface. Magic runs through the veins of English history, part of daily life from the earliest Arthurian legends to Aleister Crowley to the novels of Tolkien and Philip Pullman, and from the Druids to Freemasonry and beyond. Richly illustrated and deeply knowledgeable, this

book is an invaluable source for anyone curious about magic and wizardry, or for sophisticated practitioners wanting to learn more.

Early in the history of English, the words "grammar" and "glamour" meant the same thing: the power to charm. Roy Peter Clark, author of *Writing Tools*, aims to put the glamour back in grammar with this fun, engaging alternative to stuffy instructionals. In this practical guide, readers will learn everything from the different parts of speech to why effective writers prefer concrete nouns and active verbs. THE GLAMOUR OF

GRAMMAR gives readers all the tools they need to "live inside the language"--to take advantage of grammar to perfect their use of English, to instill meaning, and to charm through their writing. With this indispensable book, readers will come to see just how glamorous grammar can be.

Coming of Age in Times of Crisis is an anthropological study of the intersecting

roles of gender and schooling in the lives of rural Venezuelan youth as they make the transition to adulthood during times of national political and economic crisis. Strongly grounded in local detail while speaking to larger comparative issues and the crises that surround globalization, the study enables us to see how gender roles and social class are reproduced in a culture experiencing profound upheaval, and to see how rural Venezuelans have managed to reproduce and change their culture in these circumstances. This book is based on two-and-a-half years of ethnographic field research Hurtig conducted in the Andean region of Venezuela between

1991 and 1993, and again briefly in 1996.

Golden Hoard
National Book Award winner Kathryn Erskine delivers a contemporary story about a boy with a mystical worldview and a love of science and comets as he faces questions about what makes him special. Some might say Julian is sheltered. But he lives large, and his eternal optimism allows him to see infinite possibilities wherever he looks. Despite his optimism, he is anxious about his stressed family falling apart. Even his ability to "uni-sense" what's happening with his sister is gone. If he can

make his family focus on the magic in the universe, surely they'll appreciate life again. Now that they are moving from Washington, DC, to rural Maine, Julian can use his beloved telescope without any light pollution. He can discover a comet, name it for himself, and show his family how they're all truly connected. As Julian searches the night sky, he encounters a force that may drive his plan apart. His neighbor, Mr. X, could bring an end to his parents' dream of opening their B&B. Could one negative force unravel everything? An avid student of science, Julian understands that there is much about the universe that we don't yet know. Who is to say what's possible

and what's not? *English Mechanic and Mirror of Science* Vintage
In the one hundred and ten years covered by volume four of *The Oxford History of Literary Translation in English*, what characterized translation was above all the move to encompass what Goethe called 'world literature'. This occurred, paradoxically, at a time when English literature is often seen as increasingly self-sufficient. In Europe, the culture of Germany was a new source of inspiration, as were the medieval literatures and the popular ballads of many lands, from Spain to Serbia. From the mid-century, the other literatures of the North, both ancient

and modern, were extensively translated, and the last third of the century saw the beginning of the Russian vogue.

Meanwhile, as the British presence in the East was consolidated, translation helped readers to take possession of 'exotic' non-European cultures, from Persian and Arabic to Sanskrit and Chinese. The thirty-five contributors bring an enormous range of expertise to the exploration of these new developments and of the fascinating debates which reopened old questions about the translator's task, as the new literalism, whether scholarly or experimental, vied with established modes of translation. The complex story unfolds

in Britain and its empire, but also in the United States, involving not just translators, publishers, and readers, but also institutions such as the universities and the periodical press. Nineteenth-century English literature emerges as more open to the foreign than has been recognized before, with far-reaching effects on its orientation.

The Journal of Education Little, Brown
Magical

Transformations on the Early Modern Stage furthers the debate about the cultural work performed by representations of magic on the early modern English stage. It considers the ways in which performances of magic reflect and feed into a sense of national

identity, both in the form of magic contests and in its recurrent linkage to national defence; the extent to which magic can trope other concerns, and what these might be; and how magic is staged and what the representational strategies and techniques might mean. The essays range widely over both canonical plays—Macbeth, The Tempest, The Winter’s Tale, The Merry Wives of Windsor, Doctor Faustus, Bartholomew Fair—and notably less canonical ones such as The Birth of Merlin, Fedele and Fortunio, The Merry Devil of Edmonton, The Devil is an Ass, The Late Lancashire Witches and The Witch of Edmonton, putting the two groups into

dialogue with each other and also exploring ways in which they can be profitably related to contemporary cases or accusations of witchcraft. Attending to the representational strategies and self-conscious intertextuality of the plays as well as to their treatment of their subject matter, the essays reveal the plays they discuss as actively intervening in contemporary debates about witchcraft and magic in ways which themselves effect transformation rather than simply discussing it. At the heart of all the essays lies an interest in the transformative power of magic, but collectively they show that the idea of transformation applies

not only to the objects or even to the subjects of magic, but that the plays themselves can be seen as working to bring about change in the ways that they challenge contemporary assumptions and stereotypes.
